Re-organisation of DSSC Network of Stakeholders

Members of the Network of Stakeholders can be further involved in the DSSC activities by assigning representatives to join:

- **DSSC Thematic Groups** – **Community-driven** group focused on **sharing** and **co-creating new knowledge**
- **DSSC Expert Groups** – **Blueprint-driven** group focused on **co-creating DSSC assets**

Community of Practice (CoP)

18 fully engaged initiatives

preparatory and deployment actions funded by DEP & HE

Activities

- Monthly community meetings (11x)
- Co-creation workshops and meetings (*inventories, legal and governance, glossary, business models ...*)
- Regular interaction with DSSC's relationship managers

Coming Up...

- Growth: Expanding the community with additional data spaces initiatives (newly funded projects + initiatives from the market) and building block implementers
- Collaboration: More co-creation and sensemaking activities
- Visibility: Mapping and presenting initiatives in the DSSC Radar

Strategic Stakeholder Forum (SSF)

The SSF is a group of **key organisations** very active in the **Data Space landscape** in Europe (sectoral and cross-sectoral). We consider it as a **think-and-do-tank** that supports the DSSC project in delivering to the policy objectives. Further. It has the role to make recommendations for the governance of the Support Centre assets, its evolution and sustainability.

Activities: The group is expected to participate:

- in the regular workshops foreseen for this group (5 in the first 12 months),
- in the DSSC activities and
- actively contribute to the three position papers planned to be delivered by the DSSC.

Coming Up... The SSF is open for new participants to

- Reach geographical distribution and representativeness
- Act as DSSC ambassadors
- Link to other initiatives and relevant stakeholders

Profile:

- National and Regional Initiatives that enable Data Spaces
- Industry (Large, SMEs, Industry Associations) & Start-ups
- Investors
- Research institutions
- International initiatives
- Experts on specific fields (e.g (Cyber-)security, AI,..)
- Representatives from EC, National/Regional/City Governments or from the Civic Society
- Members of the CoP that decide to join the SSF, or from the former Support Centre for Data sharing
- **Relevant initiatives to align with including EU funded initiatives projects**

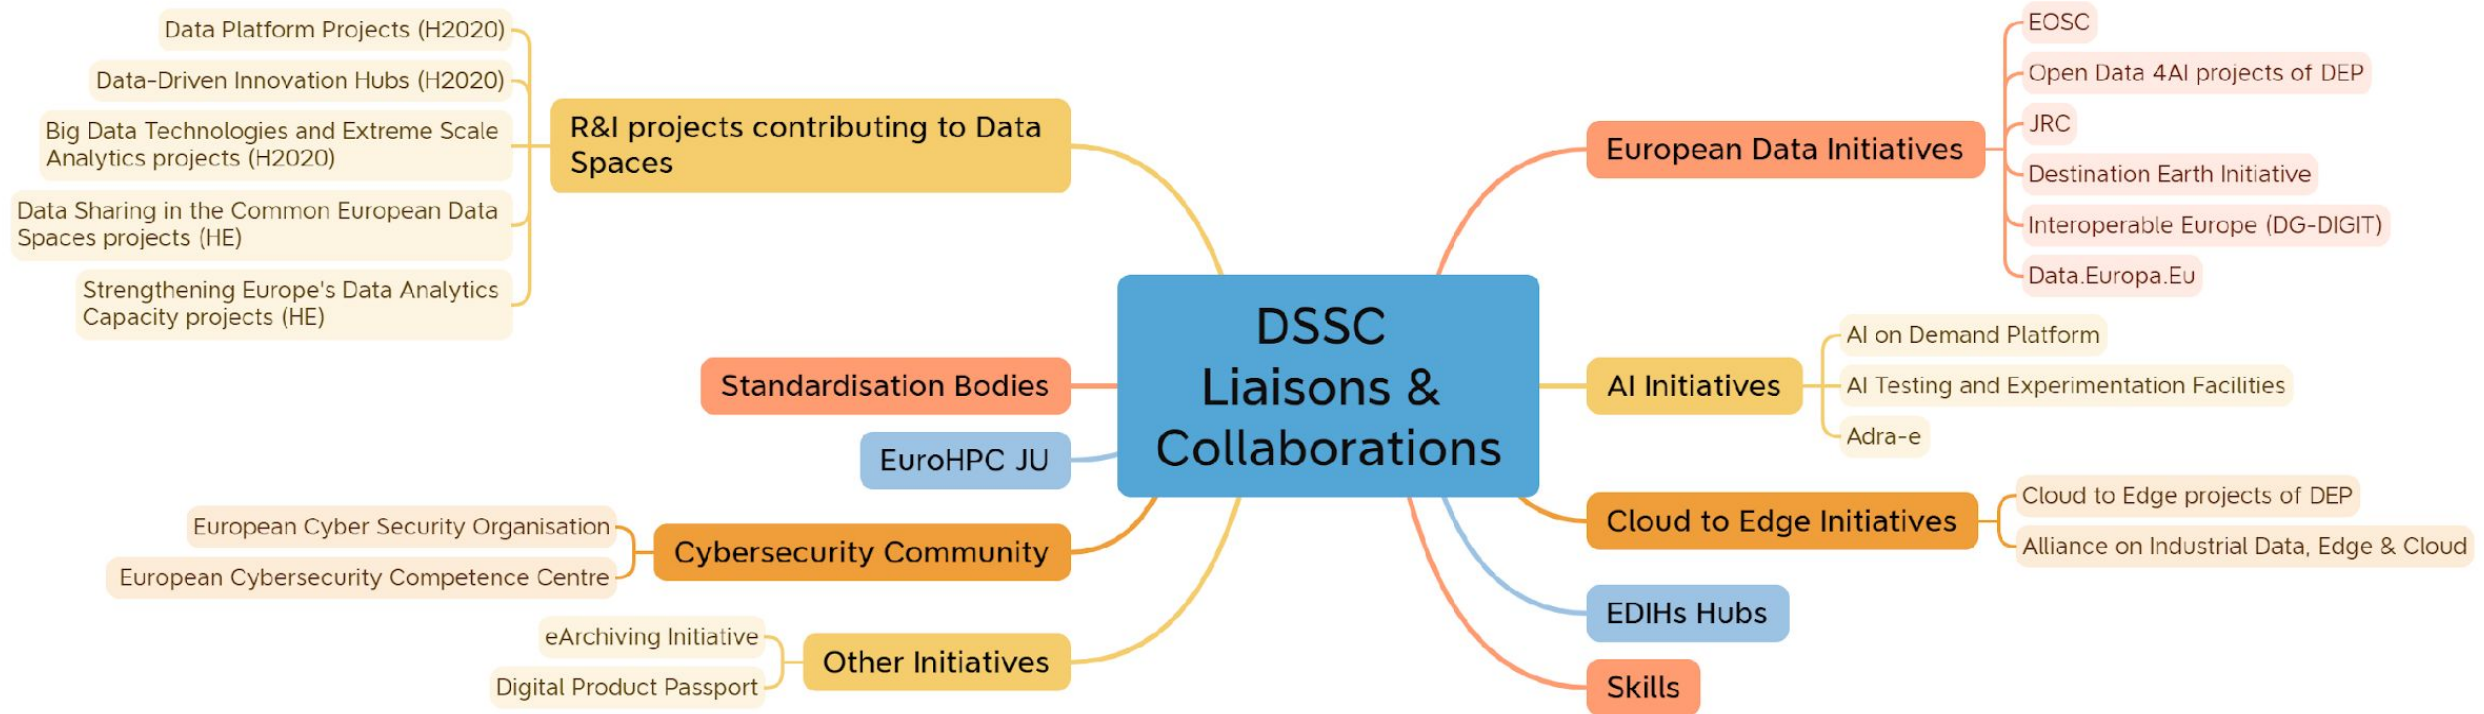

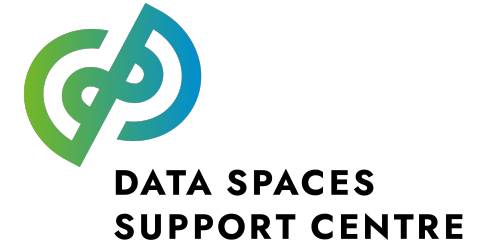

The Data Spaces Support Centre receives funding from the European Union Digital Europe Programme under grant agreement n° 101083412.
